# ABOUT PROJECT

## Objective:

To strengthen national governments and local urban institutions to center LNOB, especially disability inclusion, in national policies and programmes, and facilitate evidence-based localization of national policies and SDGs 11 & 6 in urban areas.

## Project Partners

- UN-Habitat
- UNESCAP
- UNOICT

## Target Countries

- Bangladesh
- India
- Nepal
- Sri Lanka

# PROJECT IMPACT

**LEAVE NO ONE  
BEHIND**

## REGIONAL IMPACT

Strengthened regional network of governments and local urban institutions to promote and mainstream LNOB in the urban development agenda.

## NATIONAL IMPACT

Improved enabling environment within countries to align national policies and instruments to meet LNOB goals with focus on safety, inclusiveness, and accessibility for persons with disabilities.

## LOCAL IMPACT

Self-sustainable local government capacity for stronger vertical integration and reiterative feedback loop to national policies/frameworks through evidence-based monitoring of impact at local level.

# SCOPE & ACTIVITIES

- 01. Stakeholder Engagement**  
Engaged in cross-country collaboration to establish multi-stakeholders' network
- 02. Knowledge-Sharing**  
Developed regional and national e-learning modules, guides & toolkits for urban practitioners
- 03. Digital Innovation**  
Facilitated Smart Solutions Challenge & Inclusive Cities Awards on a dedicated digital platform
- 04. Policy Advocacy**  
Conducted reviews and prepared policy recommendations for governments
- 05. Capacity & Skill Building**  
Conducted sensitization workshops in schools and accessibility audit trainings for officials and technical experts
